New Officials Take Oaths At Public Ceremony Monday

"Dedicated Group Of Officers, And United," Is View

Morgan county's new public officials assumed their duties Monday after being administered oaths of office at a public ceremony at 10 o'clock in the circuit courtroom, with Bernard Hill acting as master of ceremonies.

First to receive oath of office was Circuit Judge W. Major Gardner, who was commencing his second term as Judge of the Morgan-Elliott-Carter district. Circuit Court Clerk Walter Franklin administered the oath to Judge Gardner. Then Judge Gardner administered oaths of office to other newly-elected officials, as follows—

Ralph N. Walter, Commonwealth's Attorney (re-elected).

Gene Allen, County Judge.

James Brooks, Sheriff.

Thomas M. Davis, County Attorney.

Clarence Litteral, Jailer.

A. J. Herald, Coroner (re-elected).

Magistrates — J. F. Turner No. 1, Anthony Beculhimer No. 2, Marshall Gibson, No. 3, Aubrey Rowland, No. 4, Titus Frederick No. 5.

Constable — Franklin Wright Dist. 1.

Two other county officials, County Clerk Austin Hill and County Tax Commissioner Harry Coffey, both re-elected, had been administered their oaths several days ago by outgoing County Judge James Phipps.

The ceremony was opened with prayer by Rev. Robert Mynear, pastor of the Methodist Church.

Then Mr. Hill spoke briefly and congratulated the new officers, after which each official spoke briefly, all pledging to do their best in serving the people and the county.

Hill termed the swearing in ceremony a momentious occassion because " the officers sworn in today will determine the future destiny the county will take."

"Where Morgan County goes in the future depends largely on you," he told the officials." The public has shown by electing you that they have faith in you — they have faith you will make it a better county." Here he mentioned three areas needing attention — the proposed hospital, the proposed new county high school building and roads.

Then he told the assembled citizens, "This is a united group of officials. dedicated and united. They pledge to cooperate in good programs and to always keep their doors open to the public."

Hill also congratulated outgoing officials cal a "job well done." He particularly praised outgoing County Judge Phipps for his leadership in having the courthouse renovated and for helping start the drive for a new hospital.

"The officers before you have done a good job, but there is much yet to do," he told the new officials.

Circuit Judge Gardner, speaking briefly on law enforcement, said "I think we should be happy in this county in contrast to what we see on television. because the amount of seriousness of crime has been reduced considerably in this county and district. We have a county we can be proud of."

County-Wide Meeting On New Schl. Monday

School Board Hires Architect, Options Sites For New Bldg.

School Supt. Walton Jones announced Tuesday that a county-wide meeting will be held Monday night, Jan. 12, to bring all citizens up to date on the board of education's plans to build a new central high school at West Liberty.

The meeting will be held at the Morgan County High School gym at 7 p.m. in conjunction with a regular meeting of the school PTA.

Plans call for a modern, showplace-type school to accommodate 1,000 students, the projected number which will be attending high school in Morgan County 10 years from now.

According to Dr. Alec Spencer, chairman of the board of education, the board plans to issue bonds to finance local costs. The bonds, he said, would be amortized with state funds which are allotted to the school system on a yearly basis and would require no new local school taxes.

The school board hopes to let contracts for construction of the new building by mid-summer of 1970.

All interested citizens are urged to attend the Monday meeting.

Architect Hired

At a called meeting Dec. 22, the baord employed the architectural firm of Donald B. Shelton and Associates of Lexington to design the proposed facility, and has secured options on a number of potential sites.

Also to be discussed at the Monday meeting will be the possibility of initiating a free lunch program for all school children in the county.

SOCIAL SECURITY INCREASE TO BE PAID NEXT APRIL

As part of the tax-reform bill enacted by Congress the week before Christmas and later signed by President Nixon, recipients of Social Security benefits will get an increase averaging 15%, effective Jan. 1. However, the increase will not be contained in monthly checks until early April when March payments will be mailed.

Later in April a separate check containing the January and February increases will be mailed.

For a social security beneficiary who now receives $100.50 a month the increased benefit will bring the monthly amount to $115.60 The new law raises the minimum social security monthly benefit from $55.40 to $64.

Increases, however will be offset in part by an increase in costs of medical-insurance premiums under Medicare from $4 a month to $5.30 a month, beginning July 1.

PRODUCTION UP; WORKERS NEEDED AT SHOE FACTORY

Lycoming Shoe Company this week announced an upswing in demand for children's and young ladies' shoes manufactured at its West Liberty factory and said production this year may reach an all-time high.

As a result, Ray Mitchell, plant superintendent, announced job openings are available for an additional 40 or so workers at the plant.

The factory currently employs 200 workers.

Mr. Mitchell's announcement follows—

"Sales of our current line of Misses' and children's shoes indicate that demand for them will be the greatest since we started.

The shoes that are being made at West Liberty are truly beautiful shoes and, without doubt, the careful workmanship we are getting is a measureable part of the greater demand by retailers.

"Our production is on the upswing and it would appear it could reach the highest level of any time since we opened in December of 1965.

"There are openings for fine, clean-cut people who are willing to apply themselves to this light, but very fast, type of work.

"Surely, anyone filling these requirements should present himself at the factory and fill out an application.'

4-INCH SNOWFALL CLOSES SCHOOLS

A 4-inch snowfall Tuesday closed Morgan County schools and brought traffic to a standstill Tuesday night.

A cold wave following on the heels of the storm was expected to bring below-zero temperatures last night and tonight, with temperatures remaining in the teens and low twenties during the day.

A spokesman at the Superintendent's Office said schools will remain closed today (Thursday) and probably will not reopen this week.

All high school basketball games in the area also were cancelled Tuesday.

State Highway road crews had main throughfares clear Wednesday, but secondary roads remain hazardous.

The snow storm covered several states and forced schools to close over a third of Kentucky.

Donate Truckload Of Clothing, Shoes, Toys To Orphanage

Mr. and Mrs. James Hutchinson, former owners of Hutchinson's Variety in West Liberty, finished closing out their fire-damaged business Dec. 30 by donating a truckload of clothing, shoes, and toys to the Dora Lee Children's Home at Wonnie.

Merchandise in the store was damaged by smoke in a fire several weeks ago.

Following a closing out fire sale, the Hutchinson's decided to donate the remaining useable clothing and toys to the children's home.

On Dec. 30, Mr. Hutchinson borrowed a truck from Herald and Stewart Funeral Home, loaded it up with over $1,000 worth of items and delivered them to the home.

Additional Funds Approved For West Liberty Hospital

All Funds Needed To Build Area Facility Are Now Approved

The Morgan County Hospital Board has been advised that additional federal funds needed to build a 50-bed area hospital and convalescent center at West Liberty have been approved in Frankfort and the project may be ready for letting of construction bids later this year.

BIDS MAY BE LET IN FALL 1970

Shelby Kash, planning coordinator for the Morgan County Hospital project, informed this newspaper Wednesday that he had been notified by Architect Donald B. Shelton that the hospital probably will not be ready for bid letting until sometime in the fall of 1970. Kash verified that all funds required for the hospital have been approved, but said that according to Shelton, it will probably take several months to get final approval of architectural plans by federal agencies involved.

Approval of the additional money virtually assures that a previous $300,00 shortage in construction funds will be provided.

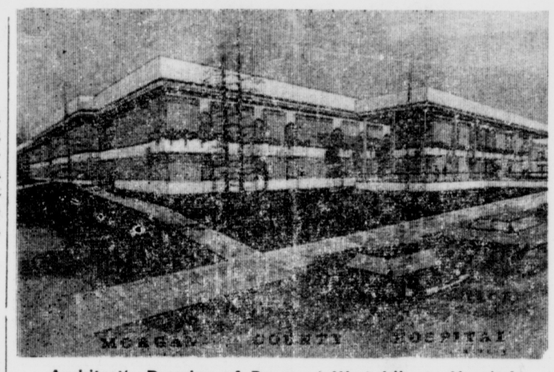

The announcement was made by Dr. Morris L. Peyton, chairman of the hospital board, at a called meeting Dec. 30 at the Licking Valley RECC Building.

Dr. Peyton's announcement came after he was informed from Frankfort that the Kentucky Program Development Office had recommended to the Appalachian Regional Commission that it approve the hospital board's request for additional Appalachian Act funds to help complete financing of the proposed million and a half dollar hospital.

The additional funds will bring to $464,000 the amount of Appalachian grant money to be allotted to the project.

In addition, the State Health Department has allotted for immediate use $34,287 of federal Hill-Burton money from a contingency fund previously set aside to take care of emergency expenses after construction begins. A Hill-Burton grant of nearly $600,-000 was approved for the project last summer.

The additional monies bring the total amount now secured for the hospital to within $5,109 of the estimated cost.

Architect's Drawing of Proposed West Liberty Hospital

Mrs. C. K. Stacy, who spearheaded a Woman's Club drive a few years ago to raise money for a county health, suggested at the meeting that some of those funds, now on deposit, might be used if necessary to offset the deficit.

However, it is expected that building plans can be altered to eliminate the deficit, and the board authorized hospital administrator Shelby Kash to meet immediately with the architect and revise plans accordingly.

Local costs will be financed by a $425,000 bond issue approved by Morgan voters at the 1968 general election.

The proposed hospital, which will serve five counties, will have 20 beds for care of acutely ill patients and 30 beds for extended care of convalescing patients. It

BOARD HONORS FIVE FOR THEIR ROLES IN DRIVE FOR HOSPITAL

Upon learning that additional funds needed to build a hospital here had been approved, the elated Morgan County Hospital Board paid high tribute to State Representative Joe W. Haney and State Senator Joe D. Stacy for their aid in securing federal and state grants for the project.

Said Dr. Morris L. Peyton board chairman, "We had some awfully good help in Frankfort from our senator and representative, and we owe Senator Stacy and Representative Haney a tremendous debt in getting these funds released."

Other board members present concurred by giving Haney and Stacy a standing ovation.

Senator Stacy played a key role in the board's successful effort to get a federal Hill-Burton grant approved for the hospital last summer, and Representative Haney was instrumental in securing the release of additional federal funds needed to complete funding of the facility.

Also given a standing ovation was outgoing County Judge James Phipps, former chairman and ex-officio member of the board. Senator Stacy commended Phipps for his role in the hospital drive.

Said Senator Stacy, "On several occasions, because of his efforts to promote this project, he's taken some knock, but he's stuck to the job right down to the end."

Stacy also told Phipps, "You've been a fine county judge."

Judge Phipps organized the original hospital advisory board in June 1967 to advise the fiscal court in efforts to secure funds for a hospital to replace one which was closed after the death of its owner, Dr. H. B. Murray, in a boating accident in May of that year.

Under Judge Phipps' administration, Morgan County became debt-free, enabling the fiscal court to place before the voters a proposal for the sale of $425,000 worth of hospital bonds to defray local obligations on the proposed facility.

The hospital board, with the aid of the Morgan County Woman's Club, and other interested individuals and groups, launched an all-out campaign to elicit voters' support for the bond issue.

Morgan voters approved the proposal by more than the required two-thirds majority at the 1968 general election, giving the board its first big boost toward a hospital.

Since that time, citizens' support for the project has become practically unanimous.

Judge Phipps told the board the bonds are ready to be sold at any time.

Also singled out by the board for special recognition were Shelby Kash of Frenchburg and Dr. Peyton.

Kash, a veteran hospital administrator, was employed by the board last summer to coordinate final planning for the hospital.

Working on a per diem basis, Kash has been particularly helpful in foreseeing and steering the board clear of possible roadblocks in its efforts to secure funds.

Kash, who was unable to attend the meeting due to inclement weather, is also charged with advising the the board on equipping and staffing the hospital. He has agreed to serve until the board is in a position to employ a full-time administrator later on.

Dr. Peyon, in a surprise move, tendered his resignation as chairman of the hospital board, but board members, with high praise for his "outstanding leadership," refused to accept it.

OPEN HOUSE AT WEST LIBERTY'S OLDEST HOME HELD ON DEC 28

—Photo by Lanny Franklin

BLUEBIRD COVERLET—This four-poster cord bed with a beautiful Blue Bird coverlet, reminiscent of earlier days, graces an dpstairs bed room in the Pelfrey home, West Liberty's oldest.

Mr. and Mrs. W. O. Pelfrey were hosts at an open house to the public Sunday afternoon, Dec. 28 in their post-Civil War home on North Main street

The spacious Pelfrey home was the residende of John P. Salyer, early West Liberty atorney, and later the home of Judge John E. Cooper, and still later the home of Judge Henry C. Rose.

Mr. Pelfrey bought the eight-room frame home in 1936. Not only have the Pelfreys preserved the historic structure much as it was in the latter 1800's when living was more lisurely and rooms and fireplaces larger, but in recent years they have furnished nearly every room with period furniture. The houses's 12-foot ceilings, large halls, handsome stairway, poplar-paneled doors. wide-boarded pine floors, and pedimented entrance with glass panels on each side of a large paneled door, all are preserved. And the poplar oak and pine wood is of the type not seen today in modern building.

The hottest temperature was registered July 5 when the thermometer climbed to 96 degrees.

There were 31 days on which the temperature was above 90 degrees.

NOTE OF APPRECIATION

Mrs. Maranda Easterling became ill Dec. 17. She is slightly improved, but remains a bed patient. She is now 86 years old and has been crippled with arthritis for 30 years and confined to a wheelchair.

To you who sent the shower of Christmas cards, she is very grateful and they brought her cheer. But she also was saddened at the thought of not being able to reply with her usual cards and letters.

Despite the bad weather, she has had a good number of visitors, including Mrs. Mamie Tyree, Gerald Tyree, Elsie Tyree, Mr. and Mrs. Bee Williams, Leova Lewis, Alka Williams, Sharon Lewis, Mr. and Mrs. James Conley, Lovine Lemaster, Mr. and Mrs. Charlie Frederick, Mr. and Mrs. Stanley Haney, Mr. and Mrs. Homer Elam, Billy Conley, and the Dr. Bill Holbrook family.

Also, many of her friends who wish her well have shown their concern by telephone calls.

NOTE OF THANKS

Mrs. Grace Adams wishes to thank her many friends for the phone calls, get-well cards, letters, Christmas greetings, and gifts she received during her recent two-month illness. May God bless each one in the New Year.

ETV PLANNED FOR HGA CLASSROOMS

Dr. Daniel Barr, assistant professor of education at Transylvania University, recently completed drawings for the installation of educational television in the classrooms at Hazel Green Academy.

According to Dr. John Ridgway, HGA principal, it will require approximately $3,700 to establish television in all classrooms at the Academy.

Dr. Barr has donated many hours to planning the project and has agreed to return to the campus to help with installation when funds are available.

It's sad but true—the trying times of today are tomorrow's good old days.

OBITUARY

PEYTON

Rev. Burry Peyton, son of the late Rev. Joseph Peyton and Carry Stacy Peyton, was born August 9, 1883, at Panama, Ky., and died at Drake Memorial Hospital in Cincinnati, Ohio December 23, 1969 following a long illness. He was 86 years, four months and four days old.

He was a native of Morgan County and a retired farmer who spent all his days in and around Panama until he migrated to Ohio and lived with his daughter, Mrs. Beulah Gersuch, in Cincinnati.

Being reared by Christian parents who were so familiarly known throughout the neighborhood, and his father an oldtime influential minister beloved and trusted by those who knew him, it was natural for him to embrace spiritual conversion at an early age. And in the year of 1926 he was called into God's gracious ministry. He became a member of the Enterprise Batist Church at Centerville shortly after his conversion where his name remains inscribed today.

Uncle Burry, as he was called, faithfully answered his honorable calling and with strict honesty asserted his analytical understanding of the word of God. He loved to work in the church and nurtured the establishment of several new churches. A number of souls were awakened to their need of Christ and were quickened by His spirit by his preaching. Even after he was in failing health, he would attend his home church and others, though he traveled for a distance to do so. His frank manner, emboldened with a cheery disosition to all he came in contact with, endeared him to the hearts of his friends.

He was father of three daughters and six sons who survive him: Mrs. Beulah Gersuch, Cincinnati, Ohio; Mrs. Jean Gerhardt, Loveland, Ohio; Mrs. Anita Haynes, Norwood, Ohio; Leonard, Norwood, Ohio; Dillard, Fairborn, Ohio; Edward, West Liberty, Ky.; Rexford, Cincinnati, Ohio, and Roy of Morrow, Ohio, and Lester of Cincinnati, Ohio; 24 grandchildren, seven great grandchildren, and one brother, George of Michigan. Five children preceded him in death.

When few things are astir
Your passing came at early dawn
And called the Spirit home
Indwelling you so long.
It soared to God above
To live with Him and gain reward.
May stars adorn your crown
Bestowed by our dear Lord.

Funeral was conducted at the Potter Funeral Home at 1 p.m. Friday, Dec. 26, with Rev. Russell Brown and Rev. Edgar Gibbs officiating. Singing was rendered by the Dunn quartet. Prayer by Rev. Ernest Allen. Obituary by Mrs. Elsie Lacy. Gracious words of consolation were emphasized by Rev. Russell Brown. The body was taken to the Gevedon Cemetery and laid to rest. Potter Funeral Home in charge of arrangements.

MAGOFFIN PLANS NEW $1½ MILLION COUNTY SCHOOL

SALYERSVILLE, Ky. — The Magoffin County Board of Education is planning a $1.5 million high school at Salyersville to serve the entire county, Magoffin School Supt. Creed Arnett said following the Monday board meeting.

Supt. Arnett said three or four sites were ready for inspection by State Department of Education officials in readiness for a February board meeting which may consider a location.

The new building will accommodate 700 high school students with 30 rooms in addition to an auditorium and a gymnasium. The facility is designed as the replacement for a school building destroyed by fire last year.

The superintendent said students were attending classes in mobile units along with other facilities at the high school grounds since the fire.

Blue Cross Hikes Hospital Benefits

Without any increase in dues, the Blue Cross Hospital Plan is adding two more types of benefits for state employes enrolled under comprehensive certificates.

The new coverage will be intensive-care and heart-patient care, both in hospitals. The new benefits went into effect Jan. 1 for some 11,000 employes now under the comprehensive coverage. Some 400 still under the old coverage can switch to comprehensive with its added benefits anytime this month.

Keep Burley Program As Is -- It Has Worked Better Than Any Farm Program

A statement from the Agriculture Committee of the Morgan County Developement Association (Russell Brown, chairman) refutes a statement made to the Burley Advisory Council in Lexington by a group of growers from 39 central Kentucky counties which termed the burley program "unrealistic, unreasonable and unworkable".

The statements are to be weighed by the Secretary of Agriculture in determining quotas for the 1970 crop.

The Morgan County committee's statement was sent directly to the Secretary of Agriculture this week. It reads as follows—

Members of this committee estimate we have talked over burley problems with at least 400 farmers of Morgan and nearby counties, and we judge that the feelings expressed herein fairly express the views of at least 97% of them, and also represent the views of this committee.

Though most burley bases are small (over half of them under one acre and the average being .84 acre), tobacco is the chief money crop of practically every farmer in our area. Any disruption of the program would constitute the greatest blow to the economy of our farmers and would serve to lower land values drastically and force many of them off their farms. In Kentucky burley accounted for 41.8% of all farm income in 1967 and for 54.2% of income from all crops. And in Morgan and surrounding counties burley accounts for at least 90% of cash farm income. So a disruption of the program would be near fatal to family-size farms in Eastern Kentucky.

Recognizing that any attempt to change the program by law most likely would be dangerous at this time when so much propaganda has been disseminated against smoking, and believing that farmers would not at this time vote for acreage-poundage, we beliepe, and we recommend, that the present program be continued without change. For it is apparent to all who are familiar with farm programs that the burley price support and acreage allotment program has worked more successfully through all the years since the mid 30's than any other farm program — and has cost the government far less money than any other program. (Mr. Todd told a farm group in Wisconsin just a few weeks ago the tobacco program since its inception in the mid 30's had cost only one-fourth of one percent of total money allocated to agriculture in all those years). And it has stabilized the tobacco industry. The tobacco program is the most successful farm program and has cost the least money.

Not only do we recomment continuing the program in its present form, but we strongly support the cooperative's action of purchasing all burley that does not bring support price, even a greater percentage than the pre Christmas average of 25.1% if need be. And we recommend also that the burley co-op when it sells the stored burley to manufacturers, two or three years hence, that it charge manufacturers the going rate of interest for the period it holds the burley, not just the 3½% rate the co-op obtains its operating money from the government.

In Morgan there are 1,757 burley allotments authorizing a total of 1,561 acres of burley. Forty-nine percent, or 843 of the total allotments, fall within the minimum acreage catagory.

In our judgment any reduction of allotments which falls within the minimum acreage provision would seriously harm the small burley growers and possibly bring economic ruin to most of them on family size farms.

We strongly urge and recommend that the present program with present allotments be preserved unchanged.

Pre-Address Labels On Tax Forms Helps Avoid Errors, Said

Louisville, Ky., — Many income tax errors, particularly those that delay refunds can be eliminated by using the pre-addressed label on forms received in the mail. Income tax returns with labels can be quickly identified and processed since they contain necessary identifying information Robert J. Dath, District Director of Internal Revenue for Kentucky, said today.

If your name or address has changed, make the necessary corrections on the label and lightly strike through the wrong pre-printed information. If you have a refund due, this will help insure delivery of the check to the correct address.

Taxpayers should also verify that their correct social security number is entered on the return they file.

The filing deadline for 1969 tax returns is April 15, 1970.

PAST GRAND MASTER OF MASONS SUFFERS BAD HEART ATTACK

Past Grand Master John W. Chandler, 337 West Bellevilie Street, Marion, Ky., suffered a heart attack and pneumonia shortly after returning home from Grand Lodge and was gravely ill for sometime. He has made a miraculous recovery and was up and about in time to take the oath of County Judge an office to which he was elected in November.

1970 FEED GRAIN PGM. ANNOUNCED WITH VERY LITTLE CHANGE NOTED

Producers in Morgan county will receive notice of their feed grain bases in January, according to Ben Cox, Chairman of the Morgan County Agriculture Stabilization and Conservation (ASC) Committee.

Sign-up period or the voluntary farm programs — including wheat as well as feed grains — will be Feb. 2 through March 20.

The 1970 feed grain program will be much like the 1969 program, the ASC committee chairman said. Provisions of the 1970 wheat program were announced earlier. Mr. Cox gave the following details on the feed grain program:

1. Acreage diversion and diversion payments:

Minimum diversion at 20 percent of a farm's feed grain base acreage will be required for program participation. No payment will be made for this first 20 percent diversion, except for small farms.

Payments will be made for additional diversion of corn, grain sorghum, and barley. Maximum acreage that can be diverted for payment will be the larger of 30 percent of a farm's feed grain base or 25 acres less the qualifying 20 percent diversion. Payment rate for this additional diversion will be based on 40 percent of the total county price support (loan plus support payment) times a farm's projected yield of the crops involved.

No advance diversion payments will be made.

Upper limits will be established on the per-bushel rate which will be paid for the additional voluntary diversion of feed grain acres. The maximum payments will be: for corn, 60 cents per bushel; for grain sorghum, 55 cents per bushel (not hundredweight); for barley, 45 cents per bushel.

2. Price support loans and payments.

National average price support loan rates on all feed grains will be the same as in 1969. However, corn loan rates, while unchanged, will be at $1.08 per bushel, "No. 2" basis — which is equal to the 1969 level of $1.05 for average quality.

The National average loan levels of the other feed grains will be: grain sorghum, $1.61 per hundredweight; barley, 83 cents per bushel; oats, 63 cents per bushel; rye, $1.02 per bushel. (Price support is required by law for oats and rye, but there are no provisions for acreage limitations.)

Price support payments rates will be: corn, 30 cents per bushel; grain sorghum, 53 cents per hundredweight; barley, 20 cents per bushel. Price support payment for a farm is arrived at by multiplying the per bushel price support payment times the farm's projected yield times the smaller of the planted acreage or 50 percent of the farm's feed grain base.

3. Small farm provisions.

A farm with a feed grain base of 25 acres or less will be able to qualify for payment on the first 20 percent of its diverted acreage, with the payment rates based on 20 percent of the total county support rate times projected yield. For the remaining diverted acreage on small farms, the diversion payment will be based on the 40 percent payment rate, subject to the maximum limitation.

Producers with feed grain bases of up to 125 acres will have the option of temporarily reducing their base to 25 acres to become eligible for the small farm provisions. In such case, no corn, grain sorghum, or barley is to be planted for harvest on the farm and the temporary 25 acre feed grain base must be put to conserving uses.

4. Other program provisions.

Substitution provisions relating to wheat and feed grain acreage will continue as in previous years.

Announcement will be made prior to sign-up time to production of substitute crops on diverted acres.

In submitting his resignation, Dr. Peyton pointed out however, that a new advisory board probably will be appointed by County Judge-Elect Gene Allen, and new officers selected.

Dr. Peyton, who has served as chairman since June 1968, complimented his fellow board members for their devotion to the hospital project.

He told the group, "It's been a pleasure working with you. I've enjoyed it. Everyone has tried their best to make the hospital a reality, and I think the results speak for themselves." He cautioned, however, that there is yet much work to be done.

Board members present at the meeting were Mrs. C. K. Stacy, Mrs. H. B. Murray, State Representative Joe W. Haney, State Senator Joe D. Stacy, Judge James Phipps, Dr. Charles Gullett, Graden Neil Walter, Woodrow Stamper, Fred Denney, Denzil Elliott, Dr. Alec Spencer, Lynn Nickell, and Dr. Peyton. HOME LOAN RATES HIKED TO 81/2 PERCENT

WASHINGTON — The maximum interest rate on home loan mortgages insured by the Federal Housing Administration and guaranteed by the Veteran Administration will go up to 8½ percent — a full percentage point — effective Jan. 5.

The increases were announced by George Romney, secretary of housing and urban development, in whose department the Federal Housing Administration is located, and Donald E. Johnson, head of the Veterans Administration.

Romney said he had approved the increase only recutantly, but that "the realities of the marketplace do not permit further delay."

The action will help to hold the line against a further drying up of mortgage funds from regular sources, Romney said.

The maximum of 7½ per cent has been in effect since last Jan. 24.

Since that time, Romney said, "market yields on most types of investments have risen by more than one percentage point. This has been accompanied by increasingly large discounts on FHA-VA mortgages" as investment capital has flowed elsewhere in recent months in search of more attractive interest rates.

The rise in the ceiling, Romney emphasized, does not affect the 8.2 million outstanding FHA and VA mortgages. These borrowers will continue to pay the amount of interest called for at the time their loans were closed.

DRIVE FOR FRENCHBURG HOSPITAL STALLED AFTER FIGURES CITED

(Mt. Sterling Advocate)

JEFFERSONVILLE, KY. — Residents of nearby Menifee County want a hospital to replace Jane Cook Hospital, which closed at Frenchburg two years ago.

To date they have:

✔Passed a $100,000 hospital bond issue.

✔Collected $60,000 in voluntary efforts, including an auction of Ray Harm prints.

✔Tried—unsuccessfully — to get federal Hill-Burton funds for construction.

But last Wednesday night, some Menifee County leaders met in the home of Dr. and Mrs. Charles M. Brand here and heard some facts and opinions that raise a question affecting many areas: Can the small hospital be built anymore, in view of spiraling construction and operating costs?

Of approximately 140 hospitals in Kentucky, about 45 are under 50 beds. Most now consider anything under that as a small hospital. The trend is toward bigger, regional-type facilities.

Here's what the Menifee leaders heard Wednesday night:

✔A hospital must now have at least 20 beds to be licensed. Current construction costs in Kentucky are running $30,000 to $35,000 for each bed. The minimum cost: $600,000.

✔Every 2½ to three years, it takes as much to run a hospital as it cost to build it originally.

✔The smallest hospital will need at least five registered nurses, at least a consultant in pathology and radiology and other personnel.

✔A hospital needs at least an emergency, surgery and/or obstetric services, a pharmacy, a radiology suite, clinical laboratories and at least two private rooms.

"Almost without exception, all hospitals in Kentucky under 40 or 45 beds are having all sorts of trouble keeping going," said Charles Patrick, who heads the state Health Department's Standards Office.

"I'd advise against a hospital," said A. Kent Ballard, head of the depatmrent's Health Facilities Office. "Maybe you could build it, and we'd license it, but you'd have trouble running it."

After hearing all this, Menifee Fiscal Court Judge Otto Ingram sighed and said. "We would have liked to have had you say something else."

He then asked if "we could get any type of medical facility" for Menifee County with the money on hand. "We need something here, even if it's an ultra-modern first-aid station."

Menifee County has about 5,000 residents and Dr. Brand is currently the only doctor serving it.

Its only medical "facilities" are his offices in Frenchburg and a just-opened home health care agency. The nearest hospitals are in Mt. Sterling, about 21 miles away, and Morehead, nearly 30 miles away.

After the meeting, Judge Ingram and Mrs. Brand indicated more meetings were needed to determine what Menifee County would do next.

Ballard said he and his staff would be willing to continue to work with Menifee residents to help solve their problem.

NEW HOSPITAL

(Continued from page one)

will also contain a maternity section, an emergency room, laboratory, a pharmacy, nurses quarters, consultation rooms, etc., all housed in a modern, two-story building.

The five counties to be served by the hospital are Morgan, Wolfe, Elliott, Menifee, and Magoffin.

Notification that the additional funds had been approved was contained in a letter from Frank J. Groschelle, Director of the State Program Development Office, copies of which were received by Dr. Peyton and other members of the board.

The letter, addressed to Dr. Russell Teague, Commissioner, State Department of Health, follows—

December 29, 1969

Dr. Russell E. Teague
Commissioner
Department of Health
275 East Main Street
Frankfort, Kentucky 40601

Dear Dr. Teague:

We have had recent discussions concerning the financial problem attendant to the construction of the West Liberty, Morgan County Hospital. Since it is apparent that the project sponsor has only the ability to put $425,000 of local funds into the project and circumstances concerning the project's scope is beyond their control, we feel there is justification to increase the participation of Appalachian Regional Commission funding to the project.

Accordingly, we are approving and recommending to the Appalachian Regional Commission the amount of $464,000 of ARC Section 214 funds to the West Liberty Hospital. In discussing the funding effort with Mrs. Payton of your staff, we are advised that the contingency amount may be reduced to two (2) percent rather than five (5) percent. It seems to us that the architect should be able to reduce the project scope by that amount and get on with finalizing his plans and put the project out to bid. Our calculations reflect the following recapitulation:

$1,520,063	Total Pjct. Estimate
- 425,000	Local Bond Issue
$1,095,063	
- 591,667	Hill-Burton Funds
$ 503,396	
-464,000	Appalachian 214 Funds
$ 39,396	
-34,287	Contingency Transfer
$ 5,109	Needed or to be cut out

I hope this is satisfactory to your needs and if you have any questions, please contact me immediately. I am taking the liberty to send copies of this letter to several persons who are interested in seeing this project become a reality.

Very truly yours,
Frank J. Groschelle

COUNTRY CLUB MAKING PLANS FOR EARLY USE OF RECREATION PROJECT

Members of the Pleasant Valley Country Club at a meeting Monday night in the Kennedy Library heard officials describe progress on constructing the recreation complex and made plans to have all committees start functioning so that members may commence using the golf course, clubhouse and swiming pool as soon as weather permits.

President Lynn Nickell told the group the swimming pool is 100% complete, and that the clubhouse and golf course are about 90% complete.

He said contractors will complete the clubhouse and golf course as soon as weather permits, indicating that members may commence using the country club facilities in late spring.

Officials of the club and members of its nine committees plan to visit similar country clubs to study their operational procedures. The group plans to visit the new country club at Lancaster today (Thursday).

Duties of each committee were discussed and each was urged to commence immediately on drafting guidelines and making plans for operation of the country club.

Membership fees for 1970 must be paid by Feb. 15, else charter members will lose membership, it was explained. Yearly dues for charter members is $125. New members are to be charged the $150 membership fee plus dues of $175 a year. New memberships will become available only when the membership drops below 175, and then on a first come first served basis.

The country club recreation complex is being constructed on the former Smith Perkins farm on Lower Caney, about three miles west of West Liberty, and will consist of a 9-hole golf course, swimming pool, clubhouse, tennis courts, croquet, volleyball, badminton, and basketball areas, an archery range and horseshoe pitching area, and picnic area.

The project is being financed with a $170,000 loan from the Farmers Home Administration, repayable over a period of years from income. Larry Dean Lewis has been employed as caretaker and will live in the farm home on the property.

The club was organized in 1968 with 175 members who paid $150 each for membership.

Officials revealed at Monday's meeting that West Liberty's loan was the final FHA loan granted for country clubs, and beat the deadline by only one day. FHA officials told members of the country club it was the first application they had processed wherein there was not a single step that needed correcting. Millard Sheets was given special thanks for his work in getting the pool completed.

The country club's standing committees and the chairman of each follow—

MEMBERSHIP — Billy Ratliff, chairman.

SWIMMING POOL — Bill Holbrook, chairman.

RULES — Ray Mitchell, chairman.

FINANCE — James Elam, chairman.

REPORT FARM CHANGES TO ASCS OFFICE

Changes in the number of acres being farmed can mean changes in farm records at the County Agricultural Stablization and Conservation Service (ASCS) office. And that means when a farmer buys, sells, leases, rents, or otherwise acquires or disposes of farmland, he should drop by the County ASCS office as soon as possible thereafter to set the record straight, according to Morgan County ASC Committee Chairman Ben Cox.

Records are kept on farms participating in programs administered by ASCS. Major ASCS programs in Morgan County are: Wheat, wool, feed grain, tobacco, and the Agricultural Conservation Program (ACP).

Chairman Cox pointed out that the ASCS office must keep accurate records on total acreage of all farms where owners or operators participate in any ASCS-administered program. In addition to those named above, ASCS-administered farm programs in Morgan County include price-support loans applicable in the area.

"If a farm is constituted differently now than it was when the farmer began program participation — and if he hasn't yet reported the change—then he should drop by the County ASCS office on his very next trip to town to make the report," Mr. Cox said.

"Also, if a farm has changed owners or operators in that period, a report should be made to the county office," he said.

The ASC Committee Chairman emphasized that changes need be reported only by farmers participating in one or more farm programs administered by ASCS.

FIREMEN SAVE 4-BED ROOM HOME

West Liberty's volunteer fire department halted spread of a fire in the four-room brick home of Rev. Darrel Fyffe on South Wells Hill Wednesday night in zero weather.

The blaze started from live coals that had been taken out of a coal furnace in the basement and placed in a wheelbarrow. Cardboard boxes nearby ignited, and the blaze spread quickly through the basement which contained one bedroom and a drive-in garage.

Firemen confined the blaze to the basement, but smoke damabe was considerable in the upstairs. Also a water pipe broke later in the basement, causing more damage. The home formerly was owned by Eva Lewis

Magoffin Grand Jury Takes No Action In Mann Killing Case

SALYERSVILLE — A Magoffin circuit jury charged with looking into the Arnett Mann death spent its extra time in session, but has now returned without mention of the matter.

The jury, which made its final report on Dec. 11, handed up three criminal indictments on other cases.

Judge John Chris Cornett had requested the jury delve into the Mann shooting and robberies which were plaguing county residents. The body remained in force beyond its normal period, but was seldom convened during the time.
